1. What is your connection or interest in this case? * For example, are you a customer of the Company that is the subject of this pending proceeding? (This section must be completed. Attach additional information if necessary.)

I am a customer.

2. Please give a concise statement of your protest. * (This section must be completed. Attach additional information if necessary.)

I disagree with the request for increase of fees for sewer. You need to find a company that is not this expensive or you need to give residents the alternative to go somewhere else to get this service. This is too expensive and you need to allow competition. We have families to take care of and the government should not be taking our taxes and on top of that increasing fees for services that we can't shop around for. Figure out how to provide service cheaper!!! This request to increase fees to customer is not the right thing to do and should be denied!

3. Do you wish to make an appearance at a hearing in this proceeding, if scheduled, and offer sworn testimony? *

I could attend if needed but would have to schedule ahead. Thank you.
